Welcome to your appointment today with our Behavioral Specialist:
Tara Sharifan, PsyD.

Please take a moment to read this notice about payment.

- ✓ For initial evaluations, Busy Bee Pediatrics will bill your insurance. This is usually a covered expense by insurance plans. However, if your insurance plan does not cover this, or if you have out-of-pocket expenses, we will then bill you.

- ✓ For any counseling / behavioral health sessions, we will initially bill your insurance. However, your insurance plan may not reimburse us for these services. In some cases it is not a covered benefit, in other cases, your plan may only pay if you use certain counselors. You will be billed if your insurance claim is denied.

If your child is placed on a medication as an adjunct to counseling, and sees our medical providers, we will bill those visits to insurance, as this is generally covered.

- ✓ I have read the above information and agree to make payment if required.
